About me

Hello sir! I'm Narayan limbu. I am a self-taught MERN stack Developer with a passion for coding. I started my coding journey back in April 2022. I have an intermediate knowledge in HTML, CSS, JavaScript, React.js, Redux, Node.js and Express.js.

What I Know?

Since I started doing MERN development. I gain knowledge in various tools.

- Hypertext Markup Language (HTML)
- Cascading Style Sheets (CSS)
- JavaScript (Programming Language)
- React.js (JavaScript Framework)
- Redux (State Management)
- Node.js (JavaScript run time build in Chrome V8 engine)
- Express.js (Backend web application framework for building Rest APIs with Node.js)

Projects

I have made many Projects related to MERN stack. Some of my best projects are

❖ E-Commerce website

I have created this website using ReactJS in Frontend part and Node.js in Backend for Database I used MongoDB. I tried to make this website Functions similar to Amazon. In this website there is also Payment options for this I used Stripe.js.

❖ Khelbro.com(clone)

I have created frontend part of this website using React.js and also Firebase for OTP mobile verification option in the website.

Education

2018-2020	-Liverpool International Collage (Baneshwor, Kathmandu) -Management (3.12 GPA)
Before-2017	-Shramsheel Vithyapath-Nepal (Gothater-6, Kathmandu) -10 th (3.45 GPA)

Interests

- ❖ Playing Mobile Games
- ❖ Learning New Things related to Tech.
